Holmes, Denver; Mrs. Gertrude Thornberry, Tombstone; P. H. Leslie, Phelps Dodge company; J. M. Gibbs and family; Louise Sporeder, Douglas; W. P. Dudley, Dallas; C. Stites, Cananea; A. L. Houck and family, Cananea; John C. Slemmons, New York; H. Hopper, Dallas; B. F. Tague, Cananea; R. Simms, Douglas; Charles Hart, Naco; V. Organ, Douglas.

Wounded Men Urged To Get Certificates

Mrs. G. J. McCabe of the Red Cross offices in the Copper Queen library building has received a copy of the American Red Cross organ containing the following advice to discharged men, regarding disability certificates:

"Tell the discharged soldier and sailor to get his surgeon's certificate of disability whenever entitled to it," is an urgent instruction from the department of civilian relief to home service workers in chapters.

Home service workers are coming in contact with returned soldiers and sailors who do not feel entitled to ask compensation, as their disability, contracted in or aggravated by service, is not now in a condition that prevents the men from returning to employment. It is probable, however, that these disabilities may become active after a year or two, and cause breakdown, and each man should be protected by a surgeon's certificate of disability, which will entitle him to claim compensation at any time within five years after discharge.

A letter addressed to the bureau of war risk insurance stating the facts, accompanied by properly filled out copies of forms 504 and 526, will secure this certificate of disability. If the man's condition warrants it, irrespective of any statement as to health on the man's discharge papers.

HUCK FINN AND TOM SAWYER OUTDONE BY WARREN YOUTHS; REAL LOOT IN ROBBERS' CAVE

With the assistance of a youthful Sherlock Holmes named Sanford Rafferty, Constable H. H. Bohmfalk has succeeded in running to earth the youthful bandits who last week invaded the sacred precincts of the Warren Country club and escaped with considerable loot belonging to C. W. Cromwell, the civil engineer of Warren. Mr. Cromwell was golfing at the time and had left his trousers where the boy burglars rifled them.

The search has been going on for nearly a week, and Saturday, with the assistance of young Rafferty, Constable Bohmfalk surprised the young bandits in a regular robbers' cave which they had fitted up around Gold Knob, between Solomon Springs and Treu's slaughter house. The youngsters proved to be Fred Hendrickson, 9 years old; his brother, Wilhelm Hendrickson, 12, and Roy Adams, 11. All of the plunder was recovered except a purse and \$1.20 in money. A gold watch, which Mr. Cromwell valued highly was recovered unharmed and returned to him.

An aged negro woman employed at the country club gave the first clue to the robbers when a boy rode up near the Country club on a burro. She noticed that he resembled one of a party of boys who had been seen near the club

APPLICATIONS FOR ELK HUNT ARE NOW OPEN

Warren district hunters who would get in the state-wide scramble for an opportunity to shoot a real elk may now apply for a permit to William Truax, Jr., deputy game warden of this city. Truax received the necessary papers from Warden Joe Prochaska yesterday. Resident permits will be \$10 and those to non-residents, \$20.

Recently, through government regulation, elk hunting, has been about in the same class as Dodo hunting. On account of an over-stock in the Sitgreaves National forest this year, however, permission has been granted for the killing of 100 male elk—one to a hunter.

If more than 100 applications for permits are received, a drawing will take place at the office of the state game warden on September 12 to select the lucky ones. The hunt will be staged from October 17 to 31.

Applications made now to Deputy Warden Truax must be accompanied by one-half the fee. If the permit is allowed the other half is then to be paid. If it is not allowed the deposit will be returned.

New Oil Company In the Texas Field

A new oil corporation was brought to the notice of Bisbee investors yesterday in the Weston-Krupp company of Fort Worth. With a capitalization of \$300,000, no promotion stock and no salaries, this company has its shares on the market at par. Mrs. F. E. Krupp, with headquarters at the Copper Queen hotel, was busy supplying information and selling stock yesterday.

The company's holdings comprise 1024 acres in Runnels county in block 62, Burk Burnett field, adjoining the Perkins tract in the vicinity of Potete. Personal funds to the amount of \$70,000 have been expended to date in acquiring leases, rigs and tools, according to the promoters.

F. L. Weston of Fort Worth is trustee, F. E. Krupp, director and R. L. Boaps of Tulsa, field manager.

Chevrolet Now In New Lowell Home

The garage building in Lowell constructed by Harry Wright, has been completed and is now being occupied by the R. B. Krebs company of Tombstone, agents in Cochise county for the Chevrolet automobile. W. L. Smart, agent for the Warren district, is in charge. The building contains a large display room, 28 by 28 feet, with a large stock of accessories, parts and supplies of all kinds. The remainder of the building is given up to a garage. W. Elliott is in charge, with two expert mechanics on hand. This is one of the most complete and modern automobile plants in the southwest.

Opportunity Fast Fading To Secure New World Atlas

The last lot of World Atlases received by The Review is going like hot cakes, as did the first. Only a few are left and these will be disposed of at 25 cents the copy to the first comers. They are on sale at The Review office and the drug stores and newstands.

You cannot afford to be without this wonderful new Atlas. It contains over 50 maps and gives you a graphic story of the great war as well as valuable facts and data unobtainable elsewhere. Get yours today or it may be too late.

HUCK FINN AND TOM SAWYER OUTDONE BY WARREN YOUTHS; REAL LOOT IN ROBBERS' CAVE

On the day of the theft. She accused him of complicity in the crime, but he denied it and told her he thought he knew who was responsible.

The boy then gave a list of names that kept Constable Bohmfalk busy for several days, but which proved to be fictitious. He then enlisted young Rafferty's aid, with the result that the robbers' "mountain stronghold" was discovered.

The boys were called before Esther Cummings, probation officer, yesterday. Their cases will come up before Judge Lockwood of the superior court in a day or so. Meantime they are "at large."

TERRIFYING DISCOMFORTS FROM SKIN DISEASE

Itching and Burning Eruptions Torture Victims.

If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment—that goes below the surface—that reaches down to the very source of the trouble. Skin-diseases come from a disordered condition of the blood, and search far and near,

TO TRY AGAIN TO ESTABLISH BALL LEAGUE

Bisbee Team To Be Rebuilt On Stronger Basis; Cananea Wants to Join Prospective League; Secty. Egan Resigns

Bisbee's baseball team is to be reorganized and another effort made to establish a league for the fall season, including Bisbee, Lowell, the soldier teams at Douglas and Cananea. Secretary Tom Egan of the Bisbee club has resigned and a successor probably will be chosen some time this week. Mr. Egan is compelled to be at Douglas every afternoon and has been forced to give his attention to other matters.

An effort will be made to reorganize the Bisbee team, get some new players, hold regular practice and give the "fans" of the district a deserved, if delayed, series of good ball games. Roy Brashers, the playing manager of the team, is anxious to build up a team that can represent the city adequately and has been promised plenty of support in his efforts.

The Lowell team is going along in good shape and will play the crack First cavalry team from Douglas at the Warren park next Sunday. Reinhardt or Holman, a new man, will pitch, and Bert Whaling, manager of the team, will officiate as usual behind the bat. Holman comes from the fast Santa Rita, N. M. team and is said to be a valuable acquisition.

Vache, who has recently been discharged from the navy and who has been playing sensational ball around the Great Lakes, will be in the latter part of the week. He is claimed by both Brashers and Whaling and which team will get his services remains to be seen. Both have been negotiating with him, but Veache formerly belonged to the Bisbee team.

Lowell probably will go to Cananea September 16 for a game with the team there. The Mexican copper camp has a strong aggregation and wants to arrange a series of games with Bisbee, Lowell and Douglas.

Burns and Lincoln To Meet 4th Time

Bobby Burns, army boxing instructor, and Ralph Lincoln, El Paso boxer, have been substituted for Kid Palmer and Happy Woods, who were scheduled to box at Tucson September 16.

Woods received a broken nose in a Labor day bout with Bert Collina, Los Angeles fighter, at Yuma, and for that reason cancelled the go.

Phone it to The Review if it's news.

SHORTER STORE HOURS, AIM OF MEETING TODAY

The movement among the merchants of Bisbee and the Warren district to open their stores at 8:30 a. m. and close them at 5:30 p. m., instead of opening at 8 and closing at 6, as at present, will be discussed at a meeting to be held at 10:30 o'clock this morning in the Warren District Commercial club in the Copper Queen hotel building.

It has been found that the greater portion of the shopping is done between 8:30 and 5:30 and that the hours in the past have been a needless expense in lights and heat and a needless burden of an hour's extra work on the employees. The Fair store announced in advertisements yesterday that it would change its business hours according to the new plan beginning next Monday. It is believed that most of the other stores in the district will follow suit.

The movement is along the lines adopted by the large stores in the cities, where it has been found that the shorter hours do not result in any loss of business and actually increase the efficiency of all departments. The matter was put up to a vote of the employees in the Fair store and they decided in favor of the new program.

A large attendance of the business men of the community is desired at today's meeting at the Commercial club.

No job of printing too small, none too large. If you want it done right Phone 39, Review.

New Clothes FOR OLD

Is a brief summary of what you may expect if you send your clothes here to be cleaned.

Our work is excellent and unexcelled. We impart new life to failing garments.

Notice to the Public!

There has been for the past week or more some talk amongst the employees of our establishment regarding a new schedule for opening and closing hours.

In order to meet our employees on an equitable basis, we have left the decision entirely to them. A ballot was taken and a majority decided after careful consideration, after an investigation by count, to see when the public could best be served.

It was shown that more people did their shopping between the hours of 8:30 a. m. and 5:30 p. m., than any other time during the day, very few trading after that hour. We have therefore decided, beginning Monday, September 9th, to open our store at 8:30 a. m. and close at 5:30 p. m., Saturday excepted, when we will keep open until 6 p. m.

We hope our friends and the public will help us and our employees to make these hours their shopping time and ask their kind indulgence. Very Respectfully,

"The Fair"
